Parish Festival

Thank you to all the families that donated for our upcoming Parish Festival!! The parish festival will run all day tomorrow -- come support our school and parish community! There will be live music, fun prizes and lots and lots of delicious food! You might even see me in a dunk tank!!

I hope to see you there!

¡Gracias a todas las familias que donaron para nuestra Festival Parroquial!! El festival parroquial durará todo el día de mañana. ¡Venga a apoyar a nuestra escuela y comunidad parroquial! ¡Habrá música en vivo, premios divertidos y mucha, mucha comida deliciosa!

¡Incluso podras verme en un tanque de agua!

¡Espero verte allí!

PROTECTING GOD'S CHILDREN

The Archdiocese of Boston requires all adults working with children receive a Protecting God's Children training. This training really helps adults see the warning signs of Child Abuse in order to help keep children safe. I will be holding this training for all of our new faculty and staff members on Wednesday, Oct 5, beginning at 3pm.

Although parents are not required to participate, it is very informative and eye-opening. I invite all parents to take part. For those whose work schedules do not allow you to join us on Oct 5, I will hold this once again during evening hours later in the year as well. Due to the sensitive nature of the subject, children are not allowed.

Salsa Night -- Mark your Calendars!

On October 15, we will hold a celebration to mark the end of Hispanic Heritage Month! More information on this family event to follow!

Ms. Masciarelli's class -- show and tell

First graders were able to share items from their homes this week. They are learning so much!

High School Information Night

Middle Schoolers and their families are invited to attend an informational high school night on Tuesday, Sept 27, from 5-7pm in the gym. Many area high schools will be present to answer questions and let you know about their schools. This is a great first step in the high school application process.

INTRODUCING MS. SANTANA

Beginning this past week, our school has a new volunteer staff person -- Ms. Santana will be helping our English Learners acquire English as a New Language. Ms. Santana comes with over 20 years of experience teaching students how to speak the language. She will be working with students twice a week. Welcome Ms. Santana!
